### Services provided by your Lindal dealer

- Assistance from start to finish; your local dealer fills an important role that's missing from many homebuilding projects, from helping design your home through construction
- Guide the selection process of a general contractor. Some dealers may offer construction services, but you are free to engage the builder of your choice
- Can facilitate the permitting process
- Being available to you to assist with questions and make sure everything goes smoothly
- Services may vary, see your local independent dealer for details
